N	o.	ASPECT	IMPACT	Probability	Extent	Duration	Magnitude	Receiving Environment	Without Mitigation Score (Baseline)	Probability	Extent	Duration	Magnitude	Receiving Environment	With Mitigation Score (Impact assessment)	Short Description of Mitigation Measures
		Botanical	Potential loss of Ceres Shale Renosterveld	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
	1		Loss Ecological Support Areas	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
			Soil contamination from vehicles/ concrete/ portable toilets	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
			Loss of riparian habitat during construction of the dam	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
	2		Alternation of hydrology/ flow of the drainage line/ stream	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
	3	Heritage	Loss of archaeological/ palaeological resources	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
	4	Dust	Potential dust from construction activities	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
	5	Visual	Potential visual impact from construction	-1	-1	-1	-1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.

6	Noise	Potential noise from construction	-1	-1	-1		1	-1	-1							The implementation of the no-go option would mean the status quo of the environment will remain the same. No mitigation measures recommended.
