NEMA EIA, PUBLIC PARTICIPATION PROCESS

TOEKA DAM: PROPOSED CONSTRUCTION OF A NEW DAM

ON THE REMAINDER OF FARM HOUDENBEK NO. 415, CERES

Notice is hereby given of a public participation process in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) ("NEMA") and the EIA Regulations (2014 as amended), as well as the National Water Act, 1998 (Act 36 of 1998) ("NWA"); for the application for environmental authorisation (EIA) and a water use licence (WULA) to undertake the following:

Relevant notice(s):	Activity no. (s)	Description
GN. R. 327 (2014) Listing Notice 1	12 19 27	The development of (iv) dams, where the dam, including infrastructure and water surface area, exceeds 100m ² in size (a) within a watercourse. The moving of more than 10m ³ of material within a watercourse. The clearance of an area of 1ha or more, but less than 20ha of indigenous vegetation
GN. R. 325 (2014) Listing Notice 2	2 16	The clearance of an area of 20ha or more of indigenous vegetation. Development of a dam, with a dam wall higher than 5m
GN. R. 324 (2014) Listing Notice 3	12 14	Clearance of more than 300m ² within a critical biodiversity area. The development of (iv) dams where the dam, including infrastructure and water surface area exceeds 10m ² in size.

Please note that should additional listed activities be identified during the application process they will be communicated to registered I&AP's.

EnviroAfrica cc has been appointed by Harmony Trust, to undertake the Environmental Impact Assessment for the proposed project. A notice of intent to develop will be submitted to the Department of Environmental Affairs & Development Planning (DEA&DP). Sarel Bester Engineers was appointed to facilitate the water use licence, application.

Project Description & Location (S32° 59' 50.0" E19° 27' 46.0"): The proposed development entails the construction of a new instream storage dam for agricultural irrigation. The dam will have a capacity of approximately 3 500 000 m³, with a dam wall height of approximately 14 m. The proposed dam will cover approximately 35ha of agricultural land on the lower slopes of the Houdenbeks Mountains. Water for the dam will be from the natural catchment and from the Houdenbeks River (a WULA will be necessary).

Description of alternatives: Alternative includes layout options and the option of not proceeding with the proposed development (the No-Go option) will be discussed in the application process.

Public participation: Interested and Affected Parties (I&APs) are hereby notified of the application and invited to register (in writing) and/or provide initial comments and identify any issues, concerns or opportunities relating to this project to the contact details provided below, on or before **4 August 2017**.

In order to register or submit a comment, I&APs should refer to the project name, and provide their name, address & contact details (indicating your preferred method of notification) and an indication of any direct business, financial, personal, or other interest which they have in the application. Please note that future correspondence will only be sent to registered Interested and Affected Parties.
