

FINAL BASIC ASSESSMENT REPORT:
SOLAR PHOTOVOLTAIC FACILITY – DANIELSKUIL (DEA Reference: 14/12/16/3/3/1/1751)

- Should any evidence of archaeological or palaeontological sites or remains (e.g. unmarked human burials/remains, ostrich eggshell fragments/water flask caches, remnants of stone-made structures, indigenous ceramics or charcoal and ash concentrations) be uncovered or exposed during construction activities, these must immediately be reported to the archaeologist (Jonathan Kaplan 082 321 0172), or the South African Heritage Resources Agency Archaeology, Palaeontology and Meteorites (SAHRA APM) Unit (Natasha Higgitt/John Gribble 021 462 5402). If unmarked human burials are uncovered the SAHRA Burial Grounds and Graves Unit (Mimi Seetelo 021 320 8490) must immediately be alerted. Burials must not be removed or disturbed until inspected by the archaeologist and SAHRA BGG Unit. Should any substantial fossil remains (e.g. vertebrate bones and teeth) be encountered during excavation, however, these should be reported to SAHRA for possible mitigation by a professional palaeontologist.
- **All mitigations and recommendations from the specialists (as per Appendix D) must be adhered to.**

Is an EMPr attached?

YES ✓	NO
-------	----

The EMPr must be attached as Appendix G.

The details of the EAP who compiled the BAR and the expertise of the EAP to perform the Basic Assessment process must be included as Appendix H.

If any specialist reports were used during the compilation of this BAR, please attach the declaration of interest for each specialist in Appendix I.

Any other information relevant to this application and not previously included must be attached in Appendix J.
