To whom it may concern

Re: Dasberg Dam

I, AM Forbes, request my inclusion as an affected party to the building of the proposed dam.

I am a member of Zeekoegat Farms CC, through which the Riet River runs.

The Riet River is fed from the Winkelhaaks river in turn fed from the Houdenbek river and catchment area.

The Riet River in turn is a feeder river to the Dooring River.

The proposed damming of this river and catchment area would result in the removal of our essential water source.

Yours sincerely

AM FORBES (Mrs)
