Dear Sir

COMMENT ON THE PRE-APPLICATION DRAFT BASIC ASSESSMENT REPORT ("BAR") IN TERMS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT NO. 107 OF 1998) ('NEMA') ENVIRONMENTAL IMPACT ASSESSMENT ("EIA") REGULATIONS 2014 (AS AMENDED) FOR THE PROPOSED LOUW'S BOS PUBLIC CEMETERY AND MEMORIAL PARK ON THE REMAINDER OF FARM LOUW'S BOS NO. 502, STELLENBOSCH

1. The pre-application draft BAR dated 25 January 2019, as received by the Department on the same day, refers.
2. The proposal entails the establishment of the Louw's Bos cemetery and memorial park with associated infrastructure.
3. Departmental comments on the pre-application draft BAR:
 - 3.1 Various activities have been included that may potentially be triggered. Confirmation of the applicable activities must be included in the in-process draft BAR.
 - 3.2 Coordinates on Page 34 must be amended to reflect the Louws Bos site, currently the coordinates are for the Calcutta site.
 - 3.3 If groundwater is to be abstracted, then proof that a Water Use License Authorisation ("WULA") in terms of the National Water Act, 1998 (Act 38 of 1998) was submitted to the Department of Water and Sanitation must be provided.
 - 3.4 The following issues with respect to the draft Environmental Management Programme ("EMPr") must be addressed:

- 3.4.1 Reference is made to Bonnievale Renosterveld Thicket and the Botanical Assessment (Appendix 12) in various sections. The incorrect reference of the vegetation type in the EMPr must be amended to reflect the correct information.
- 3.4.2 It is noted that the site is heavily infested with alien invasive plants, however, the EMPr does not include any aspect regarding alien vegetation removal/management for the site.
- 3.4.3 The operational phase of the EMPr must be updated to include management activities and mitigation for all activities. This section incorrectly refers to Property Owners Association in terms of management during the operational phase.
- 3.4.4 A storm water management plan for the site must be included.
- 3.4.5 If applicable, a maintenance management plan for the structure/s crossing the watercourse must be included.
- 3.4.6 In addition to the abovementioned issues, the EMPr does not fulfil the requirements of Appendix 4 of the EIA Regulations 2014 (as amended) and must be corrected.

4. Regulatory Requirements:

- 4.1 Proof of placing an advertisement in a local newspaper and erecting site notices must be provided.
 - 4.2 Proof of the notifications sent to registered I&APs for the commenting purposes must be included in the final BAR.
 - 4.3 Any new representations and comments received in connection with the application must be included in the final BAR.
 - 4.4 Any new responses by the EAP to the aforementioned representations and comments must be tabulated in a comments and response report that must be included in the final BAR.
 - 4.5 The minutes of any meetings held by the environmental assessment practitioner ("EAP") with I&AP's and other role players which record the views of the participants must be included in the final BAR.
 - 4.6 Please be advised that an original signed and dated applicant declaration is required to be submitted with the final BAR during the formal application process to this Department for decision-making. It is important to note that by signing this declaration, the applicant is confirming that they are aware and have taken cognisance of the contents of the report submitted for decision-making. Furthermore, through signing this declaration, the applicant is making a commitment that they are both willing and able to implement the necessary mitigation, management and monitoring measures recommended within the report with respect to this application.
 - 4.7 In addition to the above, please ensure that original signed and dated EAP and specialist declarations are also submitted with the final BAR during the formal application process for decision-making.
 - 4.8 You are furthermore reminded that the BAR must contain all the information outlined in Appendix 1 and 4 of the Environmental Impacts Assessment Regulations, 2014 (as amended).
5. Kindly quote the above-mentioned reference number in any future correspondence in respect of the application.

6. Please note that the activity may not commence prior to an environmental authorisation being granted by the Department.
7. The Department reserves the right to revise initial comments and request further information based on the information received.

Yours faithfully
