Dear Sir

re.: Environmental Authorisation (EA) Application for Louw's Bos Public Cemetery and Memorial Park on Farm No. 502, Stellenbosch Municipality, Western Cape
(Ref. No.: 16/3/3/6/7/1/B4/45/1341/18)

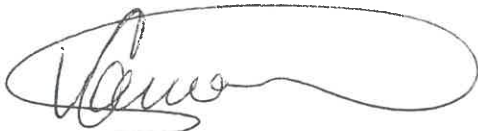

Please find attached, two (2) hardcopies and two (2) digital copies of the EA application in terms of the NEMA EIA Regulations, 2014 for the above proposed project.

Please note one of the hardcopies is the original.

The post-application DBAR is made up of two (2) volumes and is also available on EnviroAfrica's website at www.enviroafrica.co.za.

I trust everything is in order and look forward to your valued input.

Yours sincerely,

Vivienne Thomson

19 June 2019

Dear Interested and Affected Party

**re.: Draft Basic Assessment Report (DBAR) for Louw's Bos Public Cemetery and Memorial Park on Farm No. 502, Stellenbosch Municipality, Western Cape
(Ref. No.: 16/3/3/6/7/1/B4/45/1341/18)**

You have been registered as an interested and affected party for the above-mentioned proposed project.

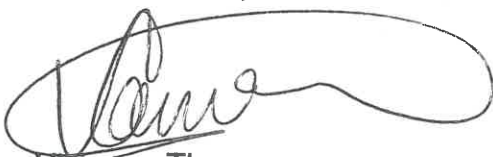

Please find, for your perusal and comment, an electronic copy of the DBAR for Louw's Bos Public Cemetery and Memorial Park on Farm No. 502, off Annandale Road, Stellenbosch Municipality, Western Cape.

The documents on the enclosed cd are also available on EnviroAfrica's website at www.enviroafrica.co.za.

Should you have any comments queries or concerns regarding the project, please notify EnviroAfrica in writing by **22 July 2019**, at the contact details below.

I trust everything is in order and look forward to your valued input.

Yours sincerely,

Vivienne Thomson
Environmental Consultant
EnviroAfrica CC
Mobile: +2782 464 2874

**ENVIRONMENTAL IMPACT ASSESSMENT
PRE-APPLICATION PUBLIC PARTICIPATION PROCESS
PROPOSED NEW PUBLIC CEMETERY AND MEMORIAL PARK
on remainder of Farm Louw's Bos No. 502, Stellenbosch Municipality**

Western Cape Department of Environmental Affairs and Development Planning Notice of Intent Registration Number: 16/3/3/6/7/1/B/4/45/1341/18

Notice is hereby given of the pre-application public participation process for the above proposed project, in terms of the National Environmental Management Act, No. 107 of 1998, as amended (NEMA) and associated Environmental Impact Assessment (EIA) Regulations, as amended (2014), as well as the National Water Act, No. 36 of 1998 (NWA).

EnviroAfrica CC has been appointed by CK Rumboll and Partners in their capacity as project managers on behalf of the Stellenbosch Municipality (the Applicant), to undertake the EIA application process under NEMA for the above proposed project. Should a water use licence application process under the NWA be needed, it will be undertaken by a separate consultancy, EnviroSwift, working in conjunction with EnviroAfrica.

Public cemeteries in the Stellenbosch Municipal area are nearing maximum occupation. It is estimated that the combined availability remaining in existing municipal cemeteries, is less than 5% of the original capacity provided to surrounding communities in the southern part of the Stellenbosch District.

From around 2016 to early 2018, only one site on the remainder of Farm Louw's Bos No. 502 was available for the development of a proposed new cemetery and memorial park. However, during 2018, another site on the farm became available to the Applicant, thereby providing a preferred alternative location for the above proposed development.

Besides other legislated activities, the preferred alternative application will address the following NEMA and NWA activities:

Relevant Act/Notice	Activity No.	To be included in application	Description in legislation
NEMA, EIA Regulations Listing Notice 1 of 2014 (GN. R. 327)	23	Yes	The development of cemeteries of 2500 m ² or more in size.
	12(xi)(c)	Possibly	The development of infrastructure or structures with a physical footprint of 100m ² or more where such development occurs if no development setback exists, within 32m of a watercourse, measured from the edge of a watercourse.
	27	Yes	The clearance of an area of 1ha or more, but less than 20ha of indigenous vegetation
	24	Possibly	The development of (i) a road for which an environmental authorisation was obtained for the route determination in terms of activity 5 in GN 387 of 2006 or activity 18 in GN 545 of 2010; or (ii) a road with a reserve wider than 13,5 meters, or where no reserve exists where the road is wider than 8m
NWA	21(a)	Possibly	Taking water from a water resource
NWA	21(g)	Possibly	Disposing of waste in a manner which may detrimentally impact on a water resource

Preferred Site Location and Description

The proposed development site is located on remainder of Farm Louw's Bos No. 502, immediately south, off Annandale Road. Access to the proposed development will be from Annandale Road. The proposed development footprint will occupy approximately 74ha of the total property and lies approximately between the Eskom substation to the east and high voltage power line to the west. It is proposed that the development be a cemetery and memorial park, promoting the establishment of biodiversity conservation areas within the development footprint. Proposed associated infrastructure includes access roads leading to and within the site, entrance wall and perimeter fencing, parking, a memorial wall, ablutions, stormwater management infrastructure.

Description of Alternatives:

Besides the option of not proceeding with the proposed development at all (the No-Go alternative), only one other alternative to the preferred development site, exists. This alternative site lies to the north-east of the preferred site, on the opposite side of Annandale Road across the Bonte River. Alternative options will be considered within the draft basic assessment report and associated documents which will be available from the 25th January 2019 on EnviroAfrica's website at www.enviroafrica.co.za (under Projects/For Public Participation/Louw's Bos Public Cemetery and Memorial Park).

Public Participation:

Interested and affected parties (I&APs) are invited to register (in writing) and/or provide initial comments, queries, concerns or opportunities relating to the proposed project, **on or before 26th February 2019**. I&APs should refer to the project name, and provide their name, address & contact details (*indicating your preferred method of notification*) and an indication of any direct business, financial, personal, or other interest which they have in the application. Please note that future correspondence will only be sent to registered I&APs.

To register as an I&AP or for more information, address correspondence to 'EnviroAfrica' at:

E-mail: admin@enviroafrica.co.za
Post: P.O. Box 5367, HELDERBERG, 7135
Fax: 086 512 0154
Tel.: 021 851 1616

Remainder of Louw's Bos Farm No. 502 outlined in red on main aerial picture. Proposed preferred development site, as well as proposed alternative development site, outlined in white within remainder of Louw's Bos Farm No. 502. Preferred development site for proposed public cemetery and memorial park development enlarged in inset box (top right corner of picture).

Dear Sir

COMMENT ON THE PRE-APPLICATION DRAFT BASIC ASSESSMENT REPORT ("BAR") IN TERMS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT NO. 107 OF 1998) ('NEMA') ENVIRONMENTAL IMPACT ASSESSMENT ("EIA") REGULATIONS 2014 (AS AMENDED) FOR THE PROPOSED LOUW'S BOS PUBLIC CEMETERY AND MEMORIAL PARK ON THE REMAINDER OF FARM LOUW'S BOS NO. 502, STELLENBOSCH

1. The pre-application draft BAR dated 25 January 2019, as received by the Department on the same day, refers.
2. The proposal entails the establishment of the Louw's Bos cemetery and memorial park with associated infrastructure.
3. Departmental comments on the pre-application draft BAR:
 - 3.1 Various activities have been included that may potentially be triggered. Confirmation of the applicable activities must be included in the in-process draft BAR.
 - 3.2 Coordinates on Page 34 must be amended to reflect the Louws Bos site, currently the coordinates are for the Calcutta site.
 - 3.3 If groundwater is to be abstracted, then proof that a Water Use License Authorisation ("WULA") in terms of the National Water Act, 1998 (Act 38 of 1998) was submitted to the Department of Water and Sanitation must be provided.
 - 3.4 The following issues with respect to the draft Environmental Management Programme ("EMPr") must be addressed:

- 3.4.1 Reference is made to Bonnievale Renosterveld Thicket and the Botanical Assessment (Appendix 12) in various sections. The incorrect reference of the vegetation type in the EMPr must be amended to reflect the correct information.
 - 3.4.2 It is noted that the site is heavily infested with alien invasive plants, however, the EMPr does not include any aspect regarding alien vegetation removal/management for the site.
 - 3.4.3 The operational phase of the EMPr must be updated to include management activities and mitigation for all activities. This section incorrectly refers to Property Owners Association in terms of management during the operational phase.
 - 3.4.4 A storm water management plan for the site must be included.
 - 3.4.5 If applicable, a maintenance management plan for the structure/s crossing the watercourse must be included.
 - 3.4.6 In addition to the abovementioned issues, the EMPr does not fulfil the requirements of Appendix 4 of the EIA Regulations 2014 (as amended) and must be corrected.
4. Regulatory Requirements:
 - 4.1 Proof of placing an advertisement in a local newspaper and erecting site notices must be provided.
 - 4.2 Proof of the notifications sent to registered I&APs for the commenting purposes must be included in the final BAR.
 - 4.3 Any new representations and comments received in connection with the application must be included in the final BAR.
 - 4.4 Any new responses by the EAP to the aforementioned representations and comments must be tabulated in a comments and response report that must be included in the final BAR.
 - 4.5 The minutes of any meetings held by the environmental assessment practitioner ("EAP") with I&AP's and other role players which record the views of the participants must be included in the final BAR.
 - 4.6 Please be advised that an original signed and dated applicant declaration is required to be submitted with the final BAR during the formal application process to this Department for decision-making. It is important to note that by signing this declaration, the applicant is confirming that they are aware and have taken cognisance of the contents of the report submitted for decision-making. Furthermore, through signing this declaration, the applicant is making a commitment that they are both willing and able to implement the necessary mitigation, management and monitoring measures recommended within the report with respect to this application.
 - 4.7 In addition to the above, please ensure that original signed and dated EAP and specialist declarations are also submitted with the final BAR during the formal application process for decision-making.
 - 4.8 You are furthermore reminded that the BAR must contain all the information outlined in Appendix 1 and 4 of the Environmental Impacts Assessment Regulations, 2014 (as amended).
 5. Kindly quote the above-mentioned reference number in any future correspondence in respect of the application.

6. Please note that the activity may not commence prior to an environmental authorisation being granted by the Department.
7. The Department reserves the right to revise initial comments and request further information based on the information received.

Yours faithfully

Dear Sir

re.: Pre-application Basic Assessment Report for Louw's Bos Public Cemetery and Memorial Park on Farm No. 502, Stellenbosch Municipality, Western Cape

Please find attached, as discussed telephonically, one (1) original hardcopy and one (1) digital copy of the pre-application draft basic assessment report (DBAR) in terms of the NEMA EIA Regulations, 2014 for the above proposed project.

The pre-application BAR is made up of three (2) volumes and is also available on EnviroAfrica's website at www.enviroafrica.co.za.

I trust everything is in order and look forward to your valued input.

Yours sincerely,

Vivienne Thomson
Environmental Consultant
EnviroAfrica CC

Subject: Summary of pre-application meeting held on 25 October 2018

Dear D'Mitri

Thank you for the opportunity afforded us during the pre-application meeting mentioned above. Herewith, a summary of the information discussed at the meeting:

Background

The initial Notice of Intent (NOI) submitted in 2017 for the Proposed Louw's Bos Public Cemetery and Memorial Park Development (Ref. No.: 16/3/3/6/7/1/B4/45/1289/17) indicated that there were no alternative sites available for the development, as was the case at the time. A high-level pre-application round of public participation was conducted purely to register interested and affected parties (I&APs). This first round of public participation was for 60 days due to the water use licence application requirements which were triggered. Several comments and queries were received.

Subsequently, in May 2018, the applicant (Stellenbosch Municipality) indicated that an additional site in the south of the district was now available for the proposed development. Thus, alternative sites became available. This site, whilst on the same farm i.e. Louw's Bos RE 502, is located on a completely different part/erven of the farm when compared to the original proposed Louw's Bos development site. A second NOI was therefore recently submitted for the Proposed Louw's Bos South Public Cemetery and Memorial Park Development (Ref. No.: 16/3/3/6/7/1/B4/45/1341/18), to confirm if the two sites could be combined into one impact assessment process and to clarify the way forward, even though an initial round of PPPP had been conducted.

Way forward

As per the Department's instructions:

- i. A full round of public participation must be conducted as a revised pre-application public participation process (PPPP) with both sites clearly indicated on the posters and maildrops (this will enable one reference number to be allocated to the case)
- ii. A draft basic assessment report (DBAR) with all specialists' report input must be circulated as part of this revised PPPP
- iii. Specialists' used to assess the first Louw's Bos site must be used for the new/alternative Louw's Bos South site as well to enable comparative assessments
- iv. Subsequent to the freshwater specialist's assessment of the Louw's Bos South site, the period of the revised PPPP must be confirmed with the Department of Water and Sanitation i.e. whether the revised process must run for 30 days or 60 days
- v. Should a period of only 30 days be required for the revised PPPP, cognisance must be taken of the December 2018 'builder's break' in determining the minimum 30 days allowed for comment

Additional matters

The Department further instructed the Applicant and EnviroAfrica that a written request to close the file on the 2017 NOI submitted for a separate application, Meerlust Public Cemetery and Memorial Park Development (Ref. No.: 16/3/3/6/7/1/B4/45/1292/17), be submitted to the case officer since it was indicated that this NOI would not be pursued further at this stage. Should the applicant require that the site be revisited in the future, a new NOI/process should then be initiated.

It was also confirmed that the Calcutta Public Cemetery and Memorial Park Development (Ref. No.: 16/3/3/6/7/1/B4/45/1288/17) could undergo a second round PPPP with the DBAR issued for comment, provided all the specialist reports were available for inclusion and taking cognisance of point 'iv & v' above.

I trust this in in order. Should there be any queries/comments, please do not hesitate to contact me.

Thank you,
Vivienne Thomson

Dear Sir

PROPOSED LOUW'S BOS PUBLIC CEMETERY AND MEMORIAL PARK ON FARM NO. 502, STELLENBOSCH

1. Your Notice of Intent ("NOI") document dated 8 September 2017, as received by the Department on the same day, the Department's correspondence dated 26 September 2017 and the pre-application meeting held on 10 October 2017, the Department's correspondences dated 16 October 2017 and 13 September 2018 and the NOI received on 28 September 2018, refer.
2. Please note that since a new NOI has been lodged with the Department (DEA&DP Reference: 16/3/3/6/7/1/B4/45/1341/18), the pre-application file has been closed for administrative purposes.
3. This Department reserves the right to revise or withdraw initial comments or request further information from you based on any information received.

Yours faithfully

Dear D'mitri

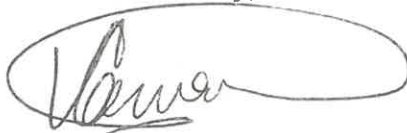

re.: Notice of Intent for Louw's Bos South Public Cemetery and Memorial Park on remainder of Farm 502, Stellenbosch Municipality, Western Cape

Please find enclosed two (2) hardcopies and one (1) digital copy of the Notice of Intent (NOI) to submit an application form in terms of the NEMA EIA Regulations 2014 for the above proposed cemetery and memorial park. One of the hardcopies is the original document.

The Applicant, Stellenbosch Municipality, made EnviroAfrica aware of the above additional site in May 2018. EnviroAfrica requests a pre-application meeting with the Department to discuss the best way forward regarding this site in relation to the NOI submitted for the original Louw's Bos site (as submitted to your offices on 8 September 2017).

I trust everything is in order. Should you have any queries, please do not hesitate to contact EnviroAfrica at the contact details below.

Yours sincerely,

Vivienne Thomson
