		<p>kindly follow the SACAA procedures as on the CAA website.</p> <p>http://www.caa.co.za/Pages/Default.aspx</p> <p>Kindly be advised, Air Traffic and Navigation Services (ATNS) has been appointed as the Obstacle application Service Provider for Windfarms on 1 May 2021. They will be also responsible for Solar Obstacle Applications from the 1st of February 2022. All new Solar applications must be lodged to obstacles@atns.co.za.</p>	<p>Lizell Stroh Obstacle Inspector Aerodrome Infrastructure Aviation Infrastructure</p>	<p>The content of the email is noted and the applicant will be informed. Please note that this is an amendment application and not a new application.</p>	EnviroAfrica
		<p>Please note that if additional listed activities will be applied for, an amendment process cannot be followed. The extension of the validity period of the solar PV energy facility EA may however be done via a Part 1 amendment application.</p> <p>Please could you inform me, via email, when the report is released for comments? Please further ensure that the report is uploaded to your website, or provide the Department with a link (Dropbox, WeTransfer, Google Drive, etc.) to download the report.</p> <p>Please also provide I&APs with the outcome of the Screening Tool Report and Site Sensitivity Verification Report when you release the (Amendment or BA) report for comments.</p>	<p>Adri La Meyer Directorate: Development Facilitation</p>	<p>For the solar plant, a development footprint of 20 ha has been approved. The application is to amend the EA that the whole 20 ha can be used for solar panels (to change the layout within the approved 20 ha footprint). A portion of the 20 ha will be used for the hydrogen plant and associated structures.</p> <p>DEADP and DFFE were consulted regarding the listed activities and the applicable amendment application for the proposed change that needs to be lodged.</p> <p>All registered I&AP's will be informed about the availability of the report and relevant appendices on the website.</p>	EnviroAfrica
