PROPOSED ABOVE-GROUND 2.5KM LONG BULK WATER SUPPLY PIPELINE ON ERVEN 1886 AND 1887, CERES

Notice is hereby given of the intention to submit an application, and the public participation process, in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended ("NEMA") and Environmental Impact Assessment ("EIA") Regulations, 2014 (as amended). The approximately 2.5km long proposed bulk water supply pipeline includes activities listed in terms of the EIA Regulations, 2014 (as amended).

EnviroAfrica cc has been appointed by the Witzenberg Local Municipality to manage the process of applying for an environmental authorisation.

Application for environmental authorization to undertake the following listed activities:
 GN No. R. 984 of 2014 (as amended); items 9 and 19 and
 GN No. R. 986 of 2014 (as amended); item 12

**Please note that the listed activities above may change during the course of the EIA Application. Registered I&APs will be notified of any changes.*

Project Description and Location:
 A bulk water supply pipeline of approximately 2.5km in length and 350mm in width is proposed on Erven 1886 and 1887, Ceres to supply water to the town of Wolseley. The proposed above-ground pipeline will be placed on small stilts placed at 4-5m intervals and will extend from an abstraction point in the Tierhokskloof Stream to the Witbrug Water Purification Plant, alongside the old water supply pipeline that was constructed in 1953. The existing pipeline will no longer be used when the proposed pipeline becomes operational.

The proposed site is largely located on a mountainside and the co-ordinates along the route thereof include the following:
 Abstraction point in Tierhokskloof Stream (33° 25' 44.71"S, 19° 17' 0056"E). Waypoints (33° 25' 20.52"S, 19° 16' 57.04"E) and (33° 25' 14.84"S, 19° 16' 28.74"E) and End point at Witbrug Water Purification Plant (33° 25' 19.20"S, 19° 15' 59.74"E)

Public Participation:
 Interested and Affected Parties ("I&APs") are hereby notified of the intended application and are invited to register (in writing) and/or provide initial comments and identify any issues, concerns or opportunities relating to this project to the contact details provided below, on or before 14 December 2022.
