Subject: RE: Draft Scoping Report for the Proposed New Wave Dam on Portions 101 and 168 of the Farm Melkboom No. 384, Vanrhynsdorp

To clarify further,

I was catching up on my emails from latest date to present date. I therefore read the letter on 13 April before the notification on 14 April, and responded to the 13 April email as the letter stated the DSR would be available from 14 April, but the website did not have any reference to “proposed water storage dam on Portions 101 and 168 of the Farm Melkboom No. 384, Vanrhynsdorp”

I didn't know this was related to New Wave Dam (as per the 14 April notification), which was listed on your website and was accessible. I therefore responded on the 13 April email as I had still not gotten to the 14 April email (notification), indicating that I couldn't see the DSR on the website (based on the title of the letter sent on 13 April).

This was a miscommunication, apologies for the confusion.

Kind regards,

**Ismat Adams**

Hi Maboe

Thank you for the shapefiles as requested.

Regarding the website link. The website link was working but based on the letter sent on the 13 April 2023, I could not see any project listed on the website related to "proposed water storage dam on Portions 101 and 168 of the Farm Melkboom No. 384, Vanrhynsdorp" as indicated in the letter provided on 13 April 2023.

I therefore requested the documents be sent to me or a link provided that would provide the documents.

On 14 April 2023 you sent a notification that included New Wave Dam in the title. This was then easily found on your website.

Kind regards,

From: Maboeë <maboeë@enviroafrica.co.za>

Hi Ismat,

The pre-application reference number for the development proposal was 16/3/3/6/7/2/F3/16/3058/22 and the reference number for the lapsed application was 16/3/3/2/F3/16/3006/23.

The new application was lodged on 14 April 2023 and it is only in approximately 10 days from 14 April 2023 that the competent authority will issue a letter acknowledging receipt of the application and indicate the new reference number.

I have connected to the website of EnviroAfrica via the internet link that gave notice of the opportunity to comment and the Draft Scoping Report and associated appendices are indeed accessible via the internet link.

Please find attached hereto, the kmz file as per your request.

Kind regards,

Maboeë Nthejane

Good day

What is the Competent Authority reference number for this application?

Dear Interested and Affected Party,

Please be informed that a previously lodged application for environmental authorisation for the abovementioned development proposal recently lapsed and so a new application has been lodged with the competent authority.

Notice is hereby given of the opportunity to comment on the Draft Scoping Report for the application. The Draft Scoping Report and associated appendices are available on the following link <https://we.tl/t-GrUoFbsU0n> and can also be accessed by visiting the website of EnviroAfrica i.e., [enviroafrica.co.za/projects/for-public-participation/](http://enviroafrica.co.za/projects/for-public-participation/) and clicking on the heading "Projects" and thereafter clicking on the sub-heading "Public Participation".

Should you decide to comment on the Draft Scoping Report, please provide a copy of your letter of comment to EnviroAfrica via the electronic mail address, [maboeë@enviroafrica.co.za](mailto:maboeë@enviroafrica.co.za) or [info@enviroafrica.co.za](mailto:info@enviroafrica.co.za)

The commenting period of 30 days on the Draft Scoping Report starts on 14 April 2023 and ends on 19 March 2023.

Kind regards,

Maboeë Nthejane
