

Dr. Charmane Mogodi en Jemima Masilo, albei werksaam by die Galeshewe-daghospitaal. Masilo het nie arms nie.

## Loslitdag vertel verhale van triomf, waarde

Vanjaar vier Loslitdag 30 jaar waartydens dit 'n weselike verskil in die lewe van persone met gestremdhede in Suid-Afrika maak. Wat as 'n eenvoudige goudinsamelmingsprojek begin het, het tot 'n nasionale dag van bewusmaking, voorspraak en viering gegroei. Loslitdag vind vanjaar op Vrydag 6 September plaas, met die tema: "Ek sien jou". Dié tema beklemtoon die belangrikheid om die waarde en waardigheid van elke individu te erken, om uitdagings en potensiaal raak te sien, en mense te erken vir wie hulle is. Dit moedig ander aan om die unieke bydraes van persone met beperkinge te erken en te waardeer. Deur die jare het dit suksesverhale van veerkragtigheid en triomf vertel, en die vermoë van persone met beperkinge ten toon gestel, stereotipes uitgedaag en hindernisse afgebreek. Die geld wat ingesamel word, dra tot bemagtiging en insluiting by 'n ondersteunende programme en organisasies wat daarop gemik is om die lewe van persone met beperkinge te verbeter, soos die bepleiting van beleidsveranderinge wat toeganklikheid en geliktheid bevorder. Bel Dorothy-Anne Howitson, sekretaresse van die Vereniging vir en van Persone met Gestremdhede (APD), Frances Baard-distrik, by 082-926-5754 om Loslitplakkers, hoede of T-hemde te bestel.

### Diary

#### 19 AUGUSTUS

### NOTIFICATION OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION AND ATMOSPHERIC EMISSION LICENCE

For:

ASSMANG BLACK ROCK MINE OPERATIONS, SANTOY, NORTHERN CAPE

Notice is hereby given, in terms of the:

- National Environmental Management Act 107 of 1998, as amended (NEMA), and the Environmental Impact Assessment (EIA) Regulations (GN.R.982 of 2014;
- National Environmental Management: Air Quality Act (Act 39 of 2004), as amended.

that Assmang (Pty) Ltd is applying for an Environmental Authorisation (EA) and Atmospheric Emission Licence for proposed expansion of power generation capacity and related fuel storage, as well as related facilities and infrastructure. The proposed activities are to take place at Assmang Black Rock Mine Operations, near Hotazel in the Northern Cape, on the following farm portions:

- Portion 11 of N'Chwaning 267

Applicant: Assmang (Pty) Ltd - Black Rock Mine Operations (BRMO)

Environmental Assessment Practitioner: EScience Associates (Pty) Ltd.

Competent Authorities: Northern Cape Department: Agriculture, Environmental Affairs, Rural Development and Land Reform

The proposed development includes activities listed in terms of Listing Notice 1 (GN R983 of 2014, as amended) of the EIA Regulations. The listed activities triggered by the proposed development are:

- Listing Notice 1: Activity 2, 14, 27, 31, 34, and 51

The proposed activities therefore require that a Basic Assessment process be undertaken in accordance with the NEMA EIA Regulations.

An Atmospheric Emissions Licence (AEL) as per Section 22 of NEMAQA is required to conduct the following activities listed in terms of Section 21 of NEMAQA (per GNR 893 of 2013, as amended):

- Subcategory 1.5: Reciprocating Engines

All Interested and Affected Parties (IAPs) are hereby notified of the proposed application, and herewith invited to register as IAPs in order to participate in the application process. This will include the opportunity to have access to relevant processes and reports for your review and comment. Any queries, requests for information or copy of the (AEL) application with respect to the proposed activities can be directed to the contact person below. If you are interested in participating, please register as an IAP by submitting your name, contact information and interest in the applications to the contact person below by 12 September 2024.
