Good day, kindly find and extract from the Obstacle regulations for your respected information and screening.

Kindly follow the obstacle application procedure and process as published on the SACAA website.

Also, obtain comments/consent from any effected Aerodrome/Airfield that falls within the criteria as stipulated in the Regulations as guidance, as it will be a requirement during the Obstacle assessment process.

More information can be obtained at <https://www.caa.co.za/industry-information/obstacles/> click on information for industry under 'Obstacles' to access the application form.

On the application form (CA139-27 form): apply the centre point(position) co-ordinate to the said proposed site. The form must be sent to obstacles@caa.co.za

Kindly include:

- A kmz/kml (Google Earth) file reflecting the footprint to the proposed Powerline site.
- Provide coordinates (deg,min, sec), Height (m), and Elevation (AMSL) as excel indicates.
- Also indicate the pylon structure **highest**.

Kind regards
