

[1] The photo was taken from the north of the proposed site, looking generally towards the south. The area is characterised by grassland, used predominantly for grazing purposes. In the distance, trucks and vehicles can be seen driving on the N3 highway.

The photo was taken during a site visit on 18 September 2024, as part of the initial public participation phase.

Approximate coordinates:
S27°33'24.73"
E28°49'59.13"

[2] The photo was taken from the north of the proposed site, looking generally towards the west. The S589 road can be seen in the foreground. From this road access will be gained to the proposed site (on the left-hand side)

The photo was taken during a site visit on 18 September 2024, as part of the initial public participation phase.

Approximate coordinates:
S27°33'24.73"
E28°49'59.13"

[3] The photo was taken from the north of the proposed site, looking generally towards the north. In the foreground, the Sasol N3 West Truc Stop can be seen.

The photo was taken during a site visit on 18 September 2024, as part of the initial public participation phase.

Approximate coordinates:

S27°33'24.73"

E28°49'59.13"

[4] The photo was taken from the south of the proposed site, looking generally towards the north. The photo was taken from a rocky outcrop in the south of the proposed site looking down across the proposed site. In the distance, trucks and vehicles can be seen driving on the N3 highway.

The photo was taken during a site visit in November 2023, as part of the initial public participation phase.

Approximate coordinates:

S27°34'22.77"

E28°50'26.84"
