

[1] The photo was taken from the east of the proposed eastern site, looking generally south-west across the site towards the N3. The area is characterised by grassland, utilised for grazing purposes. In the foreground, overhead powerlines can be seen (running parallel with the N3).

The photo was taken during a site visit on 02 May 2023, as part of the initial public participation phase.

Approximate coordinates:

28°46'33.10"S

29°40'55.94"E

[2] The photo was taken near the interchange between the N3 and Winterton/Colenso Road, east of the proposed western site, looking southwest across the area. In the foreground, the Winterton/Colenso Road is visible on the right-hand side of the photo, leading toward Winterton.

The photo was taken during a site visit on 02 May 2023, as part of the initial public participation phase.

Approximate coordinates:

28°46'43.99"S

29°40'35.61"E

[3] The photo was taken west of the proposed eastern site, looking generally towards the west. In the background, vehicles can be seen passing on a bridge of the N3 highway.

The photo was taken during a site visit on 02 May 2023, as part of the initial public participation phase.

Approximate coordinates:
28°46'39.57"S
29°40'47.40"E

[4] The photo was taken near the centre of the proposed western site, looking generally towards the south-east. In the foreground, the Netcare 1 Memorial.

The photo was taken during a site visit on 02 May 2023, as part of the initial public participation phase.

Approximate coordinates:
28°46'47.53"S
29°40'22.22"E

[5] The photo was taken near the centre of the proposed western site, looking south. The boundary of the Netcare 1 Memorial is visible on the left-hand side of the photograph.

The photo was taken during a site visit on 17 September 2024, as part of the initial public participation phase.

Approximate coordinates:

28°46'47.67"S

29°40'22.63"E
